NURSING HOME BY RAVEEDA CARE LTD

Our Care

Careful planning has ensured that personal attention and care is always available to all residents. It has embraced the small group home living concept to provide special accommodation and care in small units of seven to fourteen rooms.

Experienced nurses and care staff provide 24-hour care. All care staff receive comprehensive in-house training as well as attending any relevant study sessions run by the local health authority or other outside agencies.

All bedding and towels are provided and personal laundry is washed on site. Daily newspapers are delivered by prior arrangements. At meal times, residents are offered a choice of dishes, which are prepared using local produce whenever possible and snacks are readily available. Food is of a consistently high standard and menus are rotated regularly. Special dietary requirements are easily catered for.

"A very clean nursing home with professional and dedicated staff. My wife was looked after very well during her stay. Whenever a doctor were to visit, I always felt well informed by staff via phone calls. A pleasure to deal with. I have no criticisms."

- Cecil B (Husband of Resident)
